1. Name:
2. Address:
3. Telephone:
4. E-mail:
5. Fax:

The contractor's representative shall act as the central point of contact with the judiciary, shall be responsible for all contract administration issues relative to this contract, and shall have full authority to act for and legally bind the contractor on all such issues.

LIST OF DOCUMENTS, EXHIBITS, AND OTHER ATTACHMENTS

ATTACHMENT 1 – MATERIAL/SERVICES LIST

AWARD WITHOUT DISCUSSIONS

The judiciary intends to evaluate offers and award a contract without discussions with vendors. Therefore, each vendor's initial offer shall contain the vendor's best terms from a price and technical standpoint. However, the judiciary reserves the right to conduct discussions if the contracting officer later determines them to be necessary.

EVALUATION FACTORS FOR AWARD

1. BASIS FOR AWARD

The Lowest Price Technically Acceptable (LPTA) selection process will be used as the basis for selecting a contractor for award. Award will be made to the responsible contractor whose quote is determined to conform to all required terms and conditions of this solicitation, include all required representations and certifications, meet all requirements set forth in this RFQ and provide the lowest evaluated price while meeting or exceeding acceptability standards, based on the results of the evaluation described below.

Factor 1 – Technical:

With their quote, each vendor must provide a Key Personnel resume and the list of Proposed Materials will be evaluated as acceptable or unacceptable, based on the criteria stated in Section C. Each quote will be evaluated to determine whether the vendor is proposing products meeting the minimum technical requirements and personnel with the required experience and qualifications necessary to ensure successful performance of all services required.

For determining technical acceptability, the judiciary will also evaluate each vendor's references provided with the quote to ascertain whether they have a satisfactory record of recent, relevant past performance of comparable projects. The judiciary will use the references provided to gather information about the quality of the vendor's recent, relevant past performance. In addition to gathering information from the sources identified by the vendor in its quote the judiciary may also use data obtained from other sources to assess the quality of the vendor's past performance. Quality assessments will include review of customer satisfaction with respect to compliance of products, services and deliverables to meet or exceed contract specifications and standards of good workmanship, effectiveness of project management, timeliness of performance, commitment to customer satisfaction and business-like concern of contractor for customer's interests.

Quotes that meet the stated requirements and reflect a satisfactory past performance record will be rated as "Acceptable" and considered for award and those that do not meet the requirements will be rated as "Unacceptable" and will, therefore, be considered ineligible for award.

2.3 Factor 2 – Price:

The existence of price competition is expected to support a determination of price reasonableness. Price analysis techniques may be used to further validate price reasonableness.

CLAUSES & PROVISIONS

1. CLAUSES & PROVISIONS INCORPORATED BY REFERENCE

This Section incorporates the following clauses by reference (see Clause B-5, Clauses Incorporated by Reference, included in full text below for further information about clauses incorporated by reference):
