Failing to uncheck undesired the boxes affects the accuracy of the court's docket, and may affect processing time for your filing.

The following attorney/party associations do not exist for the above case(s).

Please check the box on the left of the screen for associations which should be created.

If the association should *not* be created, be sure the box is *unchecked*.

6. On the docket text screen before completing the transaction, make certain the docket text correctly reflects the parties on behalf of whom the document was filed, as well as the cases to which the filing relates. If the transaction is spread to more than five cases, the entry will reflect *Associated Cases: 6:11-md-02299-RFD-PJH et al*. If the docket text is not correct, start the transaction over. Inaccuracy requires additional processing and correction time by court staff, which may result in delays.
